

Frequently Asked Question

Voter List Transfer of Name

General Note

Additions/corrections/objections should be submitted during the 14 days of the National Voter List Display in August/September 2015 (estimatedly scheduled for 3rd/4th week August 2015). The National Voter List Display is the chance for voters to check the list. Voters who did not check the list in preliminary display need to check the list. Voters who submitted Form 3/Form 4-C and/or Form 4 should check the list again to look whether these changes have been made.

Can I be on the Voter List if my name does not appear in the Household List at my home address?

It is a legal requirement to be resident in the ward/village tract where you wish to be on the voter list. The ward/village tract sub-commission can still include your name if you are known to be resident or can provide other proof, such as an NRC or ID card showing the address or a Form 4-B issued from your previous ward/village tract sub-commission showing you transferred here.

Can I vote at my temporary address?

A. I have been working here for at least 180 days

As to the announcement of the elections on 08 November 2015, you can fill in and submit a Form 3-A to be added to the voter list in the constituency of your temporary address for the forthcoming election only. This must be done at least 30 days before the election date. You can submit Form 3-A yourself at your local ward/village tract sub-commission office. If you are an employee you will need to provide a letter from your employer.

If your request is approved you will be able to vote at your temporary home for the forthcoming election only.

Adding Your Name to Final Voter List (Form 3-A)

B. I have been working here for less than 180 days. Can I vote here?

If you are living at a temporary address for less than 180 days you may only vote in the constituency of your home address.

C. I am in an institution such as a university, hospital or prison. If so, how do I vote?

You are eligible to vote. The head of your institution should be making arrangements to allow you to cast an advance ballot by providing you with a Form 15 application.

I am moving to a different ward/village tract before the election after the voter list display; how can I make sure I will be on the Voter List there?

For permanent transfer of your voter list record you should go to your existing ward/village tract sub-commission office and submit a Form 4-A. If the ward/village tract sub-commission approved, you should be given a Form 4-B, which will provide evidence when you go to your new ward/village tract sub-commission and submit a Form 3 (attached Form 4-B) to be added to the voter list there.

What do I do if I am not on the Voter List and have no ID card to identify myself to apply Form 3?

You can submit Form 3 with the recommendation by the ward/village tract administrative office and/or the Community Development Committee (Pwint-Htout) that you were born from parents who are citizens and residents of the respective ward/village tract.

I am going to be away from home on election day; do I need to transfer my voter list record to where I will be?

You can apply at ward/village tract sub-commission with evidence. Ward/village tract sub-commission should be making arrangements to allow you to cast an advance vote. (Advance voting can be made two or three days before election. Only a few voters such as a voter or a family will be allowed for this reason. For example, if the reason is that a person will go fishing or a group of people will visit somewhere on election day, these voters will not be allowed to cast advance vote. ward/village tract sub-commission will scrutinize the reasons carefully.)

I am on more than one voter list in different places; can I choose where to vote?

Your name should be in the voter list of one place only (for example: township where your household list is). In case your name is on an additional list this should be removed. If you have two household lists for both places, you can choose where you want to vote. The name in the other list should be removed by applying Form 4.
